ICOVP&WMVC 2025

September 2-5, 2025, Lisbon, Portugal

16TH INTERNATIONAL CONFERENCE ON VIBRATION PROBLEMS

11TH INTERNATIONAL CONFERENCE ON WAVE MECHANICS AND VIBRATION

Welcome Message

We are pleased to announce the 16th International Conference on Vibration Problems (ICOVP-2025) & 11th International Conference on Wave Mechanics and Vibrations (WMVC-2025) to be held in Lisbon, Portugal, during September 2-5, 2025.

The ICOVP&WMVC conference will be jointly organised by the Department of Civil Engineering of the Nova School of Science and Technology | NOVA FCT of the NOVA University of Lisbon (DEO/NOVA FCT) and IDMEC – the Institute of Mechanical Engineering of the Instituto Superior Técnico of the University of Lisbon (IDMEC/IST/UL).

The conference will take place at NOVA FCT Campus de Caparica.

The main objective of the conference is to bring together academicians, engineers, scientists, researchers, mathematicians, and technologists devoting their work to wave mechanics and vibration-related problems in different areas of scientific and engineering applications on a common platform.

We strongly believe that the ICOVP&WMVC conference will have a significant impact on the development of contemporary analytical, numerical and experimental methods in wave mechanics and vibration technology and will also create an opportunity for opening a forum for discussion and collaboration amongst the participants.

Lisbon is a beautiful city ever ready to offer you a warm welcome.

Dear participants, in addition to enriching your scientific knowledge through your active participation in ICOVP&WMVC conference, enjoy your stay here in Lisbon in a meaningful way.

We are looking forward to receiving you in Lisbon in September 2025.

(1) Includes coffee breaks, lunches, welcome drink, conference banquet, conference material and access to presentation rooms.

(2) Includes coffee breaks, lunches, welcome drink, and conference banquet. Registration fee for remote participants covers electronic conference material and remote access to presentation rooms.

*Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, Sri Lanka.

Conference Topics

- Wave mechanics and wave propagation
- Transportation
- Seismic analysis and earthquake engineering
- Vibration in energy and power systems
- Vibration control and isolation
- Uncertainty quantification and reliability analysis
- Signal processing
- Acoustics
- Damage and fracture mechanics
- Fluid-structure interaction
- Identification and modal analysis
- Signal processing
- Dynamics of rotating systems
- Structural health monitoring
- Condition monitoring
- Robotic systems
- Bio-medical engineering
- Neurodynamics

Plenary Speakers

Andrei Metrikine

Delft University of Technology
The Netherlands

Mahmoud I. Hussein

University of Colorado
United States of America

C. Nataraj

Villanova University
United States of America

Marian Wiercigroch

University of Aberdeen
United Kingdom

C. W. Lim

City University of Hong Kong
China

Pedro L. Ribeiro

University of Porto
Portugal

Registration Fee

	In Person Early	In Person Late	Remotely Early	Remotely Late
Mini-symposia Organizer	500.00 € ⁽¹⁾	500.00 € ⁽¹⁾	200.00 €	200.00 €
Regular Participant	600.00 € ⁽¹⁾	650.00 € ⁽¹⁾	250.00 €	300.00 €
Student	300.00 € ⁽¹⁾	350.00 € ⁽¹⁾	150.00 €	200.00 €

Accompanying Person	200.00 € ⁽²⁾	200.00 € ⁽²⁾	-	-

Important Dates

Mini-Symposium proposal

Submission: September 30, 2024

Acceptance and posting on web: October 15, 2024

Abstract submission

Submission: January 31, 2025

Abstract acceptance: February 28, 2025

Paper submission

Submission: April 30, 2025

Paper acceptance: June 15, 2025

Registration fee payment

Early registration fee payment: June 30, 2025

Registration fee payment: August 15, 2025

Remote participants

Sending recorded presentation: August 15, 2025

Next conference edition

Sending proposal for hosting: August 15, 2025
